TERMINAL ATTCHMENT PROGRAM

NOTICE

Sale of labels after January 1, 2000

As of January 1, 2000 part V section 6 of CS-03 "Telephone Receive Volume Control" comes into effect.

All equipment being manufactured after this date must meet the requirement. As of January 1, 2000 labels will be sold only for equipment listed with this feature (category 28) in the Terminal Equipment List (T.E.L.).

To find out if your equipment is registered with Telephone Receive Volume Control see the T.E.L. web site <http://strategis.ic.gc.ca/cgi-bin/reltel/search.pl?lang=e&db=tel>

When searching the database use wild cards (*) as the system default will return only exact matches on company name, model number, etc.

Sincerely

Robert Corey
Chief Certification Engineering Bureau
